Director Ryan gave the personnel report. Brooke Bennett moved from Foundation to Academic Coordinator. The Dean of Academic Programs starts January 2, 2020. He mentioned we will be filling a Business Office Support position and IT Support position and a Human Resource position will be posted.

Pamela Zweifel motioned to approve the consent agenda and the October 7, minutes. Betsy McMahon seconded the motion. <u>The motion carried.</u>

Invitation for Public Comment (agenda item 3).....Chair Gervasi There was no public comment

New Business and/or focused policy discussions (agenda item 4)

### Introductions of New Staff (agenda item 4a).....Chair Gervasi

This was done at the beginning of the meeting after Call to Order.

**Program Review Presentations-Office of the President (agenda item 4b)**......President Tomlin President Tomlin mentioned that program reviews are developed in each department every three years. Ours was done this past year. He focused on the Service Area Outcomes (SAO). Two have been eliminated since they overlap with other departments. A new SAO on leadership has been developed. All SAOs are assessed every year to measure success. The project list for 2019-20 was also reviewed.

**Approval of Mission Fulfillment Report (agenda item 4c)**.....(ACTION) Director McCarley Director McCarley noted each core theme area showed improvement. Overall, we scored 89% acceptable and minimally acceptable levels in our 29 measures. Retention and graduation rates were the major focus. Chair Gervasi mentioned this is the second reading since the report was covered at the Board retreat in October. Mary Jones motioned to approve the Mission Fulfillment Report. Betsy McMahon seconded the motion. <u>The motion carried</u>.

**Revisions to Policy 311 (agenda item 4d)**.....(ACTION) President Tomlin President Tomlin explained that CAO Rivenes reworded policy 311 to match how we pay adjuncts. Betsy McMahon motioned to accept policy 311, Pamela Zweifel seconded the motion. <u>The motion</u> <u>carried</u>.

Academic Calendars for 2020-21 and 21-22 First Reading (agenda 4e).....CAO Rivenes CAO Rivenes mentioned she is working on a three-year calendar. This calendar aligns with school districts in the area and most other community colleges. There were no comments or questions about the calendars. Chair Gervasi noted this is the first reading.

#### Information-Only Items (agenda item 5)

**Strategic Enrollment Management Plan (agenda 5a)**.....CSSO Hanson CSSO Hanson introduced the Strategic Enrollment Management Plan that is being developed for the college. It is closely aligned with the Guided Pathways effort but provides specific strategies in the areas of recruitment, marketing, retention and completion. Several specific strategies were mentioned and it was emphasized that this plan encompasses the entire campus, not just student services.

Healthcare Pathway (agenda 5b).....CAO Rivenes CAO Rivenes discussed the Healthcare pathway that has been developed at TBCC. It is a stackable pathway, with multiple entry points including a Basic Healthcare Certificate that can be completed while in high school. It also includes a one-year Medical Assistant (MA) certificate, completed at TBCC, Occupational Skill Training (OST), and eventually will contain an AAS or even an Applied Baccalaureate. This model has been recognized in other areas in the state, particularly southern Oregon where TBCC was asked to present the model at the Southern Oregon Workforce Investment Board (SOWIB). Dean Spitzer, with support from Brooke Bennett, spoke and received positive feedback from industry and other higher education institutions.

TBCC is committed to expanding the Healthcare pathway due to both student interest and local need. One example of this commitment is the Health Care Career fair which will be held on November 21, 2019 from 4-6pm. TBCC is hoping to spread the word about this event via print media, radio, high school flyers, and social media. CAO Rivenes asked the Board to be thinking about their feedback and questions on this topic as at least one program will be coming to them for a vote next month.

ASTBCC Report (agenda 5d).....President Donowho President Donowho did not attend the Board Meeting.

**Financial Report (agenda 5e)**.....CFO Williams CFO Williams noted September financials are attached. She discussed there was a vacancy on the budget committee and asked the Board for recommendations. Chair Gervasi mentioned Wally Nelson in South county might be interested in serving.

President Tomlin also discussed that the OCCA Conference will be this week at Salishan, and next week is the Guided Pathways Institute at Lane Community College.

OPC/OCCA will be hosted by TBCC on December 5th and 6th. All the community college presidents and some of the OCCA and HECC staff are expected to attend, along with the OCCA Board on Friday, Dec 6.

President Tomlin also mentioned that our Equity training went well. Josh Todd from Campus Compact came on Thursday, October 24, and worked with the Leadership Team and the Equity and Inclusion Committee on applying an equity lens in all of the work we do. On Friday, Josh worked with faculty and staff, focusing on racial equity issues. Director McCarley explained that she received positive feedback regarding the training.

President Tomlin mentioned that the community college presidents met last month at Blue Mtn. Community College. Highlights from that meeting included that February 5, 2020 will be CTE Day, held at the Capitol during the winter legislative session. In addition, cohort 3 for Guided Pathways will be offered starting next fall for the remaining colleges not part of the program. Yachats is petitioning to become part of the Lane Community College District. Regarding the North Lake County issue, HECC denied their petition to be removed from a community college district, and instead moved that area from Central Oregon Community College to the Klamath Community College District starting in January 2020. Community Colleges will be able to apply to offer Applied Baccalaureate degrees starting in April, with programs beginning next fall. The plan is for community colleges to work together on offerings so we do not duplicate our efforts.

The Housing Summit sponsored by the Housing Commission went well. Board members Mary Jones and Mary Faith-Bell attended, and five strategies were presented. The group voted on priorities for addressing the housing concerns in the county.

President Tomlin then provided a brief update about the Facilities Master Plan (FMP) process. The FMP Committee has met with the architects and reviewed all the feedback from the community, faculty and staff. They will now take the feedback, work on some preliminary drawings and calculations, and bring those back to share with the FMP Committee in December or January.

Chair Gervasi requested a motion to adjourn the meeting. Pamela Zweifel motioned to adjourn the Board Meeting. Betsy McMahon seconded the motion. <u>The motion carried.</u>

# Medical Assisting Program Approval

#### RECOMMENDATION

ACTION ITEM

#### 

As previously reported, Local partners have expressed, and research has verified, a high demand for MA's in Tillamook County. As a result, multiple agencies came together to create a Healthcare Advisory Committee. This committee has requested TBCC to build a healthcare pathway that includes Medical Assistant Certificate (CMA). Students in this program will; a) meet eligibility requirements to take and pass the certification exam; b) demonstrate professional and technical skills necessary to perform administrative and clinical duties; and, c) learn skills that include exceptional customer service, teamwork, knowledge base of the healthcare system, office procedures, medical documentation, terminology, and how to provide common diagnostic procedures under a licensed healthcare provider to ensure patient comfort and safety.

#### BACKGROUND INFORMATION.....CAO RIVENES

Local partners have expressed, and research has verified, a high demand for entry-level healthcare professionals in Tillamook County. As a result, multiple agencies came together to create a Healthcare Advisory Committee. This committee has requested TBCC build a Healthcare Pathway into the high schools, getting people on track for a healthcare certificate earlier. The TBCC answer to this is the Basic Healthcare Certificate. This program allows students to build credits and advance in the healthcare field (starting much earlier). Student in this program will learn to evaluate healthcare occupations and education/training requirements and produce a Career Education Plan in the healthcare field, explain the basic medical terms/words, obtain certification for Health Care Provider level 1-person and 2-person CPR/AED skills for adults, children and infants, demonstrate a basic understanding of body systems, apply basic healthcare knowledge in a workplace setting and more.

### BACKGROUND INFORMATION ......DIRECTOR MCCARLEY

In 2017, the Oregon Legislature passed HB 2864 which requires each public institution of higher education to establish a process for recommending, and providing oversight for the implementation of cultural competency standards for the institution and its employees. Not later than December 31, 2019, institutions must report to their board on their progress in meeting these requirements. As a part of the Rural Consortium, a collaborative of rural community colleges, the table below was developed to simplify and standardize reporting.

### Tillamook Bay Community College Office of Advancement and TBCC Foundation 2018-2019 Three Year Program Review

#### **Department Overview**

The TBCC Office of Advancement is responsible to lead the marketing, communication, community engagement, and resource development efforts for the College. This includes planning and executing a comprehensive, proactive communication strategy that advances the mission and goals of the College and promotes major initiatives, programs, services, and events. Additionally, the department manages fundraising and resource development efforts to meet institution goals through grant writing and work conducted by the TBCC Foundation. The TBCC Foundation is a separate 501c3 public nonprofit that has a 15 member board of directors. Oversight of the Foundation is managed by the Executive Director of Advancement.

#### **Department Structure**

3.5 FTE - Executive Director, Development Specialist, Marketing Specialist, Grant Writer

Heidi Luquette, Executive Director of Advancement and TBCC Foundation – 1 FTE The Executive Director of Advancement and TBCC Foundation is responsible for providing vision, leadership, strategic direction, and administrative oversight for the comprehensive resource development efforts of the Foundation and marketing and communication efforts of the College. The Executive Director reports to the College President, and works directly with the Foundation Board of Directors to achieve mutually agreed upon goals to benefit the College and its students.

The Executive Director ensures compliance with all governmental policies and regulations of the Foundation, supervises all staff in the Office of Advancement, manages daily operations of the Foundation office, and is responsible for achieving all fundraising goals. The Executive Director also serves as the Public Information Officer and the Campus Advocacy Coordinator for the legislative affairs of the organization.

#### Development Specialist – 1 FTE

Under the guidance of the Executive Director, the Development Specialist is responsible for supporting the administration of resource development and fundraising efforts for Tillamook Bay Community College and the Foundation. The position serves as the Foundation's scholarship

administrator and manages the annual scholarship program which includes working with students and donors. The position is responsible for maintaining the AwardSpring Scholarship Database, manages the gift entry process, generates donor reports, and interfaces with the business office to ensure integrity and compliance of the process. The position serves as the administrative support for the Foundation Board of Directors and prepares all meeting materials and attends and takes minutes at board and committee meetings.

#### Major Areas of Responsibilities

- Gift/Donation Entry
- Board Meeting Logistics
- Database and Scholarship Administrator
- Foundation Events Coordination
- Office Administration

### Marketing Specialist – 1 FTE

Under the guidance of the Executive Director of Advancement, the Marketing Specialist is responsible for producing marketing and communication materials, facilitating the implementation of a monthly editorial calendar and the implementation of an annual integrated communication and marketing plan for Tillamook Bay Community College. This work includes writing, editing, and designing communication materials for multiple communication channels such as radio, print media, social media and web pages. The position is responsible for facilitating the production of the Term Schedule of Classes each term and a biannual newsletter for the TBCC Foundation.

#### Major Areas of Responsibilities

- Copywriting
- Graphic Design
- Publication Coordination
- Promotional Materials Development

#### Grant Writer - .5 FTE

Reporting to the Executive Director of Advancement, the Grant Writer is responsible to actively pursue grant opportunities from local, state, national and foundation funding sources on behalf of Tillamook Bay Community College and the Tillamook Bay Community College Foundation. The Grant Writer prepares and produces grant proposals and solicitations for funding. The Grant Writer researches and recommends funding opportunities, develops solicitations and proposals for general operating needs, and programs and capital projects. They are responsible for preparing progress and final reports to grantors and keeping a master timeline of all grants and their deliverables awarded to TBCC. The Grant Writer works with designated individuals to ensure that deliverables are met and that reports are submitted in a timely manner.

Major Areas of Responsibility

- Prepare and produce grant proposals and solicitation for funding.
- Research and recommend funding opportunities for TBCC.
- Prepare progress and final reports to funding sources on a regular basis.

### Service Area Trends

Beginning in 2018, TBCC began prioritizing development of new programs to support community needs. Examples include the Truck Driver Training program, AS Forestry, AAOT – Education, and the redesign of the AAS in Agriculture and Natural Resources. Several new opportunities in the field of healthcare and in occupational skills training are in planning for 2019-2020 and beyond. An increase in program development has provided exciting opportunities for the Office of Advancement to develop promotional campaigns. However, the department has been limited by a budget that only supports traditional marketing tactics. Digital tactics such as social and online marketing are needed to reach potential students in the 18-24 age bracket and promote these new opportunities. It will be essential going forward that the department maintain not only a budget that can include digital marketing, but the capacity to manage the work. Advancing efforts to digitize information also support the efforts of the College to implement a Strategic Enrollment Management plan that can better serve the community. Beginning in 2019, with the hiring of the full-time Marketing Specialist, the department will research and determine how to best use digital tools to reach segmented markets to share and exchange information. Additionally, we will analyze findings from the March 2019 Community Perception Survey and the Facilities Master Plan Community Engagement Plan to determine opportunities to improve the work of the department and meet the needs of the College and community. 2019 is a research year and the information will be used to determine appropriate budget levels for 2020-2021 to meet new digital and audience segmentation trends.

### Service Area Outcomes

The Service Area Outcomes for the Office of Advancement are as follows:

- 1. Faculty, staff, students and community members will receive marketing materials about TBCC to enhance the image and understanding about the college and what it has to offer the community.
- 2. The Foundation will grow and enhance their service to the college which helps TBCC students be more successful.
- 3. TBCC Students will be able to receive needed resources to continue their education.

For 2017/2018 an additional outcome was included but has been removed for future years due to the responsibility of the academic catalog moving to the Office of Instruction and the ability to measure the outcome: Students, faculty and staff will have access to an accurate, complete, and timely college catalog and term schedules of classes, which allows students to find information easily to make good decisions on their education.

#### **Issues & Challenges**

The Office of Advancement experienced significant challenges in staffing during the 2017-2018 and 2018-2019 academic year. The department was without staff for the last four months of 2018 with the exception of the Executive Director. Three new positions were filled during the first half of 2019. The two new positions were a Grant Writer and Marketing Specialist. The College previously had a shared position that included .5 FTE for marketing. Each new hire brought strong talents and experience to the department but none of the individuals had prior higher education work experience. With this new department capacity marketing work that was previously managed in other departments such as promotional giveaways and management of community events such as the Tillamook County Fair have moved to the Advancement team. There was no budget established to support branded and promotional items for recruiting efforts which has put the team in a difficult position in meeting the organization's needs. For 2019-2020, the focus for the department will be to build a strong team, develop office procedures, and learning how our team supports the work of other departments at the College, the Strategic Plan and Core Themes, and the wider Oregon community college network. The benefit of these new team members is their experience and talents that will help move marketing and fundraising initiatives beyond what has been accomplished to date to more innovative and targeted strategies.

Attached are the following:

- 2017-2018 Office of Advancement completed project list
- 2018-2019 Office of Advancement completed project list
- 2019-2020 Office of Advancement Project list

The Office of Advancement 2019-2020 project list was developed to support three key TBCC Strategic Initiatives:

- The TBCC Strategic Enrollment Management Plan
- A Transition to Guided Pathways
- The TBCC Foundation Three Year Strategic Plan

Project Summary – We very successfully launched a newsletter program for the TBCC Foundation. We created and distributed two editions that were mailed to 365 donors of the Foundation. Each edition included relevant and timely stories of student success, donor profiles, partnerships with business and industry, board member highlights and appreciation of donor gifts. Board volunteers assembled the mailings. For the June 2018 we have increased from a four page newsletter to an eight page newsletter. Our intent is to expand the mailing list and increase the reach into the community. This new communication and stewardship tool is intended to cultivate new interest in the Foundation, grow our donor base, and show appreciation for our current donors. Growing the Foundation's donor base will allow us to enhance our service to the College which helps TBCC students to be more successful.

Project Summary – Beginning in January of 2018, I researched options for hiring a consultant, screened candidates and hired a consulting team to facilitate the development of a 3-Year Strategic Plan and a One-Year Action Plan to go with it. Working with the consultants we have interviewed key stakeholders, conducted a SWOT analysis, and held a joint workshop of the Foundation Board and the TBCC Board of Education. All board members with the exception of one who had a medical condition attended the workshop which is a major accomplishment for both the College President and myself. Feedback from the Foundation Board has shown they felt the biggest impact from the process was the ability to connect with the TBCC Board of Education. A strategic plan is in the works with the intent to have a final version approved by the board at the September board meeting. Completing this plan will support the foundation to grow and enhance their service to the College which will help TBCC students be more successful.

Project Summary – Working with the College President I facilitated the development of a Memorandum of Understanding between the College and Foundation. The work included researching and recommending an MOU to a task for made up of members of the TBCC Foundation Board. After incorporating in the input from the task force, I presented a draft to the full Foundation Board at the June 2018 board meeting. With minimal revisions, they have approved it for to be presented to the TBCC Board of Education at their September board meeting. Completing the MOU will provide both parties with a clear set of responsibilities for the infrastructure that will support the foundation to grow and enhance their service to the College which will help TBCC students be more successful.

Project Summary – This is a multi-year project. In year one, we researched, developed, and implemented an integrated marketing plan for the new Forestry program which included development of a web page, an ad for the Tillamook Theater pre-movie show, posters, a social media campaign, and radio and print advertising. We are currently developing marketing materials and a roll-out plan for the new education degree. We are in the preliminary stages of developing promotions for the truck driver training program. By successfully managing these campaigns faculty, staff, students and community members will receive marketing materials about TBCC to enhance the image and understanding about the college and what it has to offer the community.

Project	Description	Budget	Year	Progress
		Requirements		
Website Audit	<ol> <li>Assemble a team to manage a full external website audit.</li> <li>Develop a process to continuously improve the TBCC web presence.</li> <li>Lead the team to perform the audit with the following outcomes: an accurate, relevant, compliant and appropriately branded www.tillamookbaycc.edu</li> </ol>	\$0	2018-19	This project saw little progress in 2018-2019. It has been moved to 2019-2020. The recommendation is that the website move to a centralized team made up of Marketing and IT with a website committee to offer guidance. It is recommended to no longer function as decentralized. It was not effective to have each department meet as a committee and serve as point for their team.
Scholarship Program Review	<ol> <li>Work with the Student services team to identify student barriers to applying for Foundation scholarships.</li> <li>Determine ways to eliminate barriers during the promotion and application process.</li> <li>Improve process to establish scholarships with donors.</li> </ol>	\$0	2018-19	Actions 1&2 were completed successfully. Two barriers were identified 1) students often do not know how to identify references or supply letters of recommendation during the application process 2) Returning students have difficulty requesting transcripts from old high school records. Both barriers were eliminated from the application process. Applications almost doubled going from 33 applications in 2018 to 63 applications in 2019. Most important is the number of students who started and completed the application improved over 2018.

Conduct a comprehensive communication audit to measure the following SAO: Faculty, Staff, Students and Community members will receive marketing materials about TBCC to enhance the image and understanding about the college and what it has to offer the community.		<ol> <li>Catalog the marketing materials that were distributed for the 2017/2018 academic year by the department of advancement including the intended audience, key messages, and channels of distribution.</li> <li>Measure stakeholder knowledge of the college, programs and services offered to the community.</li> </ol>		2018-19	This project was successfully completed. It forms the base of the 3-year review of the Advancement department that will be presented in Sept. 2019. The materials were cataloged and analyzed for continuous improvement opportunities and a community survey was conducted to establish a baseline of community awareness and the effectiveness of the current marketing/communication program. The SAO was also revised to better meet the organization's needs.

# Guided Pathways Update

## RECOMMENDATION

INFORMATION ONLY

### BACKGROUND INFORMATION ......CAO RIVENES

On November 14 and 15, 2019 the College sent a team to the second Guided Pathways Institute which was held at Lane Community College in Eugene. The TBCC team included President Tomlin, CAO Rivenes, CSSO Hanson, Director McCarley, Tom Atchison, Sydney Elliott, John Sousa, and Kellie McKeehan. The focus of the institute was on developing leadership and cross-silo collaboration on Guided Pathways work. We heard from several excellent speakers and came back with a renewed sense of purpose. Our immediate goals are to re-look at our meta-majors, which we have decided to call learning communities, create a leadership "elevator pitch" for Guided Pathways and work to instill the equity lens. We will also be taking a deeper dive into the data around our CG 100 Student Success course to determine its effectiveness and examining our momentum metrics for student success.

The college is committed to furthering the Guided Pathways work, which can be summed up as; 1) clarifying student pathways; 2) helping students get on a pathway; 3) keeping students on the path; and, 4) ensuring students are learning. The college is doing great work on all four of these pillars, but the conference helped us to clarify that we have more work to do to communicate and engage people in the importance of this work. If our goal is to build the capacity of changemakers at every level to build healthy cultures for student-focused, whole institution reform, we must identify a strong connection between personal values and student success goals.

The institute focused on;

- Developing a culture of innovation and seeing innovation as necessary and expected
- Respecting students and co-workers
- Develop student supports
- Building strong reservoires of psychological capital (hope, efficacy, resilience and optimism)
- Building effective meetings
- Student focused lens (How will this change impact students?)
