The college has a values statement that says, “Tillamook Bay Community College values and promotes student success through academic excellence and resourceful teamwork in an environment that is personal and friendly.” We take this statement to heart in everything we do for students.

Tillamook Bay Community College does not discriminate on the basis of race, color, national origin, disability, sex, age, religion, height/weight ratio, marital status, gender, gender identity, sexual orientation, organizational affiliation, political affiliation, or protected veterans' status with regard to employment, admissions, access to education programs, or activities as set forth in compliance with federal and state statutes and regulations.

**Success** at Tillamook Bay Community College is all about clear goals, commitment, and communication. Making sure that your degree/certificate plan is on track for completion is part of the advising team at TBCC prides itself on. Just take a look at some of the services that advising can offer **YOU**, ensuring that you are a huge success at TBCC and beyond.

The **Success Coaches** at TBCC want students to take a proactive approach to their education. While we are here to help, we also want students to take ownership of their degree plan. Some of the things that students can do to accomplish this include:

- Review your degree plan after each term.
- Be involved in the advising process by preparing for meetings.
- Consider suggestions from advisors, faculty, and other mentors.
- Actively pursue an educational plan directed toward completion of a degree or certificate at TBCC.

## Success Coaches

## Planning Your Class Schedule

Most classes run for 11 weeks. Always check the beginning and ending dates of your classes in the quarterly schedule of classes and on your registration schedule. When planning your class schedule consider following guidelines.

- Generally, each course credit requires one hour of class time per week. For example, a four-credit class usually means that you will be in class four

hours each week. Classes with labs often require more than one hour per week per credit earned.

### Part Time & Full Time Enrollment Status

(Your enrollment level determines how much Financial Aid you're eligible for)

¼ Time	3 – 5 credits per term
½ Time	6 – 8 credits per term
¾ Time	9 – 11 credits per term
Full Time	12 or more credits per term

- For each hour you spend in class, plan to spend at least two hours in study time. Be sure to calculate study time when considering how many classes you take each term.
- In addition to class and study time, consider your family, work commitments, and time for yourself. Many TBCC students are employed either full-time or part-time; however, they find a way to balance it all with careful planning and a Success Coach can help with this.

**Here are some general guidelines about work and school commitments:**

If you work:	Consider Taking:
40 hours per week	6-9 credits
30 hours per week	10-11 credits
20 hours per week	12 credits
5-15 hours per week	12-15 credits

### A Note About Online Classes

Enrollment in online courses is limited to residents of Oregon, Washington, and Idaho.

All online courses are taught through the Canvas online platform. Once you register for an online class, you can familiarize yourself with Canvas at [www.tillamookbaycc.edu](http://www.tillamookbaycc.edu).

## **Tillamook Bay Community College Grievance Procedure**

### **A. Introduction**

Students enrolled at Tillamook Bay Community College may use the Grievance Procedure to challenge decisions and/or actions taken by college faculty and staff that are alleged to violate their rights as defined in the College Catalog. Any other complaint about College services, programs, or activities not addressed in the College Catalog or Policy should be put in writing and sent to the Director/Officer designated in the chart above.

Programs based on contracts with government agencies or external funding sources may adopt separate grievance procedures consistent with Tillamook Bay Community College's Grievance Procedure, the program's goals, and the principle of due process for all parties.

The student will be allowed to have an advocate of his/her choice (such as a Tillamook Bay Community College Advisor, or student government representative) present in meetings throughout the grievance process. Advocates are not permitted to present the case, but may advise the student. Both the College and the student may seek legal advice at their own expense; however, neither the College nor the student shall be represented by a lawyer during any grievance meeting or hearing involving the College and the student.

Concerns involving harassment or discrimination by a College staff member on the basis of race, color, religion, sex, sexual orientation, age, national origin, disability, or veteran status should be directed to the College's Affirmative Action Officer.

Concerns involving harassment or discrimination by a student on the basis of race, color, religion, sex, sexual orientation, age, national origin, disability, or veteran status should be directed to the Director of Student Services.

### **B. Grievance Procedure**

Step 1: Communicate with the Faculty/Staff Member:

- a.** The student is encouraged to communicate with the faculty/staff member involved. They may communicate with any person with whom they feel most comfortable, based upon level of trust and relationship. The person may

become their advocate. The advocate can support, though not communicate for, the student throughout the process. The issue must be brought to the initial review (see chart) within 30 calendar days of the event that is the subject of the grievance/complaint. Otherwise, the student forfeits the right to grieve the issue. The student is encouraged to put the grievance in writing, including a specific description of the problem, the reasons the student believes his/her rights have been violated as defined in the College Catalog, and a proposed remedy.

Step 2: VP of Instruction and Student Services or AVP of Student Services

**a.** In cases where the problem is not resolved through direct communication with the faculty/staff member involved, the student will submit a Grievance Form obtained from the VPISS or the AVP of Student Services with supporting evidence, to the VPISS or AVPSS within 14 calendar days of the communication with the faculty/staff member. The VPISS or AVPSS will review the grievance.

**b.** Within 14 calendar days, the VPISS or AVPSS will objectively investigate the grievance, consult and share appropriate information with all involved parties, consider relevant evidence, and render a decision in writing to the student and the College President.

Step 3: Appeal to the College President

**a.** The student may appeal the decision in Step 2 if (1) Tillamook Bay Community College procedures were not followed or (2) there is relevant evidence that was not available during Step 2. An appeal must be made within 14 calendar days to the College President. The student must submit written justification for further review and provide evidence that there are grounds for the appeal.

**b.** The President will objectively investigate how the grievance process was conducted in Step 2, consult with all involved parties, and consider relevant evidence that was not available or not considered during Step 2, and render a decision in writing within 10 business days of the appeal. The decision will be final and not subject to appeal.

## **C. Reporting, Recording, and Maintaining Records**

When the grievance is concluded, all documentation shall be forwarded to the AVP of Student Services, who will maintain them as part of student records in accordance with the state archival policies.

## **Student Rights and Responsibilities**

Tillamook Bay Community College provides students with programs of general education, developmental/remedial programs, and vocational/technical curricula. The college also provides cultural, recreational, and community service activities. It is, in turn, the responsibility of the student to observe college rules and regulations and to help maintain appropriate conditions in the classroom, on the campus, and in the community.

### **A. General Policies**

A student's registration obligates him/her to comply with the policies and regulations of the college. Tillamook Bay Community College will restrict a student's admission to, or registration with the college and will withhold degrees, and official transcripts as prescribed by the college and/or state guidelines if a student fails to meet financial obligations to the college or for other legal reasons. Tillamook Bay Community College is granted the right by law to adopt such rules as are deemed necessary to govern its operations. Students have the right to participate in formulating and reviewing policies and rules pertaining to student conduct and, to the extent permitted by law, in the enforcement of all such rules.

### **B. Right to Freedom from Harassment and Discrimination**

The college's goal is to enable students to achieve their education and career goals. Therefore, it is against this policy for any manager, supervisor, faculty, staff, or student to engage in harassment or discrimination of any member of the college community based on his/her race, color, religion, ethnicity, use of native language, national origin, age, sex, marital status, height/weight ratio, disability, or sexual orientation. The prohibition against harassment or discrimination based on the use of native language does not require the college to offer courses in any language other than English. Under this policy, harassing or discriminatory behaviors will not be tolerated. The college also prohibits retaliation against any person who makes a good faith complaint of discrimination of harassment and retaliation against any person who in good faith cooperates in an investigation of alleged harassment or discrimination. Therefore, it is the responsibility of every member of the college community to strictly comply with this policy. This includes notifying each employee/student of his or her rights and responsibilities under Tillamook Bay Community College's Student Rights and Responsibilities and Sexual Harassment Policies. Management staff will be held accountable for taking reasonable action to maintain work areas and educational environments free of conduct that causes, or reasonably could be considered to cause, intimidation, hostility, or discrimination. Any person who believes he or she has been discriminated against or harassed by a college employee, representative, or student is encouraged to file a complaint with the Director of Facilities, Safety, and Human Resources. Non-affirmative action complaints are to be filed in accordance with the Student Grievance Procedure.

### **C. Right to Freedom of Expression**

Students shall be free to take reasoned exception to the data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course of study in which they are enrolled. As constituents of the academic community, Tillamook Bay Community College students shall be free, individually and collectively, to express their views on issues of institutional policy and procedures which shall include the examination and discussion of issues of interest to them and expression of opinions both publicly and privately. They shall be free to invite and to hear persons of their choosing and to support causes by orderly means that do not substantially disrupt the regular and essential operations of the college. Demonstrations are a legitimate mode of expression, whether politically motivated or directed against the college administration, and will not be prohibited. Demonstrators, however, have no right to deprive others of the opportunity to speak or be heard, take hostages, physically obstruct the movement of others, or otherwise substantially disrupt educational or institutional processes in a way that interferes with the safety or freedom of others. Students may be subject to disciplinary action when their acts or actions cause or are likely to cause substantial disruption or interference with the regular and essential operation of the college.

#### **D. Right to Protection from Improper Academic Evaluation and Improper Disclosure of Students' Views, Beliefs, and Associations**

Student academic performance shall be evaluated solely on an academic basis (which may include attendance and the ability to apply skills), not on the student's opinions or conduct in matters unrelated to academic standards. The course syllabus shall contain and articulate the evaluation standards and grading criteria by which student performance is measured. Students shall have the right to grieve their academic evaluation under the Grievance Procedure only if the student believes that these standards and criteria were not followed by the instructor or were not fairly and consistently applied to all students. At the same time, students are responsible for meeting standards of academic performance established for each course in which they are enrolled. Information about student views, beliefs, and political associations which staff members acquire in the course of their association with students is to be considered confidential.

#### **E. Right of Access to, and Protection from Improper Disclosure of Student Records**

To minimize the risk of improper disclosure, academic and disciplinary records shall remain separate. Transcripts of academic records shall contain only information about academic status. Information from disciplinary or advising files shall not be available to unauthorized persons on campus or to individuals off-campus without the written consent of the student involved, except under legal compulsion or in cases where the safety of persons or property is involved, in compliance with the

Family Educational Rights and Privacy Act, college policy, and Oregon laws pertaining to education records. In order to assist students to benefit from courses, programs, and activities, the college requires advising services and Career Education Plans for degree-seeking students. The confidentiality of student record information obtained by advising services will be strictly maintained, except when Tillamook Bay Community College is legally permitted to disclose student record information.

## **F. Right to Form Student Organizations**

Students may form student clubs and organizations under the provisions of the Associated Students of Tillamook Bay Community College (ASTBCC) Constitution. Any chartered student club or officially recognized student organization acting through the Associated Students of Tillamook Bay Community College may invite any person of their own choosing to the campus, provided the invitation and arrangements are in compliance with established policies of the college. College procedures must be followed to ensure orderly scheduling of facilities, adequate preparation for the event, and that activities are conducted in a manner appropriate for an academic community.

## **G. Right to Sell and Distribute Materials and Engage in Fund-Raising Activities**

Students have the right to engage in legal incidental sales of personal property in private transactions. TBCC has not designated any facilities for this purpose, however, except for the use of designated college bulletin boards. All fund-raising activities for any student group must be approved by the comptroller and the Executive Director of the Foundation and College Advancement, and coordinated with the Tillamook Bay Community College Foundation. All merchandise, periodicals, magazines, and books offered for commercial sale may be sold only through the student store except when within college policy and approved by the comptroller and the Executive Director of the Foundation and College Advancement. All free publications not in violation of state laws, federal laws, and/or college rules, such as books, magazines, newspapers, handbills, leaflets, and similar materials may be distributed on campus. Any persons desiring to distribute publications shall first register with the comptroller and the Executive Director of the Foundation and College Advancement so that reasonable areas and times can be assured, and the activities of the college will not be interfered with. All handbills, leaflets, newspapers, and similar materials must bear the name and address of the organization and/or individual distributing the materials. Printed materials shall not be placed on any vehicle parked on campus.

## **H. Right of Access to College Facilities**

Students have the right of access to college facilities, subject to ordinary schedules and policies and regulations governing the use of each facility. When using these facilities, the student has the responsibility to respect these regulations and to comply with the spirit and intent of the rules governing facility use. Chartered

ASTBCC student clubs have free access to facilities unless additional services (custodial, campus safety, etc.) are required. When faced with a situation which he/she determines is likely to or does disrupt the order of the college, threatens the health and welfare of the college community, or that interferes with the ingress and/or egress of persons from college facilities, the college president or designee shall have the authority to:

1. Prohibit the entry of any person or persons, or to withdraw the license or privilege of any person or group of persons to enter or remain upon any portion of a college facility; or
2. Give notice against trespass by any manner specified by law to any person, persons, or group of persons against whom the license or privilege has been withdrawn or who have been prohibited from entering into or remaining within a college facility.

Any student(s) disobeying a directive given by the college president or designee, pursuant to the statements above, shall be subject to disciplinary action and/or criminal trespass laws.

## **I. Right to Student Publications**

Student publications and student press provide for free and responsible discussion of topics and for intellectual exploration. The responsibility for developing, administering and reviewing procedures for the operation of college-sponsored student publications is delegated to the Student Publications Committee. Editors are protected from arbitrary suspension and removal due to editorial policy or content. Editors and staff of student publications are guided by the professional standards of the Oregon Code of Journalistic Ethics, related Oregon Revised Statute, and by other state or federal laws.

# **STUDENT CONDUCT**

## **A. General Policies**

Admission to Tillamook Bay Community College carries with it the presumption that the student will conduct him/herself as a responsible member of the college community. Thus, when a student is admitted to and/or enrolled at Tillamook Bay Community College, the student likewise assumes the obligation to observe standards of conduct which are appropriate to the pursuit of educational goals. Students shall generally have an opportunity to participate in the formulation of policies and rules pertaining to student conduct and, to the extent legally permitted, in the enforcement of such rules. Tillamook Bay Community College administration and its board, however, retain the authority to create and enact college policy. Programs based on contracts with government agencies or external funding sources operated outside of the campus may adopt separate conduct procedures consistent with Tillamook Bay Community College's Code of Student Conduct, the program's goals, and the principle of due process for all parties. Tillamook Bay

Community College may take appropriate disciplinary action when student conduct deemed by a college director or Chief Academic Officer or designee to be disruptive to the operation of the college or constitutes one or more of the behaviors identified below.

## **B. Violations**

Disciplinary action may result from the commission of any of the actions listed herein, or any violation of civil or criminal law while on college property or while engaged in any college activity.

- 1.** Academic cheating or plagiarism, or aiding or abetting cheating or plagiarism, which may also result in academic penalties under the college's Academic Integrity Policy.
- 2.** Furnishing false information to the college with the intent to deceive the college or any person or agency.
- 3.** Forgery, alteration, or misuse of college documents, records, or identification cards whether in written or electronic form.

**B.** For academic research or instructional demonstration, as long as the firearms are unloaded and upon approval of Vice President of Instruction and Student Services and Director of Facilities and Safety.

**18.** Conduct that substantially interferes with the college's educational responsibility of ensuring the opportunity for all members of the college community to attain their educational objectives, or the college's subsidiary responsibilities, which may include, but are not limited to: record-keeping,

providing miscellaneous services, and sponsoring out-of-class activities, such as lectures, concerts, athletic events, and social functions. If a student is charged or convicted of an off-campus violation of the law, the matter shall be no cause for disciplinary action by the college unless there is a reasonable possibility, as determined by the a Director or the Chief Academic Officer, that the behavior is substantially likely to disrupt the educational process of the college.

### C. Sanctions

The College Board has directed the college president, pursuant to ORS 341.290, to establish administrative rules to govern the college and its students, and to administer disciplinary action. Sanctions shall be primarily administered by the college director or officer deemed most appropriate in relation to the violation. Generally, safety violations will be directed to the Director of Facilities, Safety, and Human Resources, student conduct and academic progress violations will be directed to the Director of Student Services, and academic integrity violations will be directed to the Chief Academic Officer. The Director of Student Services, the Director of Facilities, Safety, and Human Resources or the Chief Academic Officer may impose the following sanctions for violations of the Code of Student Conduct:

<b>Type of Violation/ Suspension</b>	<b>Initial Review</b>	<b>First Appeal</b>	<b>Final Appeal</b>
Academic Progress	AVP of Student Services	VP of Instruction and Student Services	College President
Student Conduct	AVP of Student Services	VP of Instruction and Student Services	College President
Safety	Director of Facilities and Safety	AVP of Student Services	College President
Academic Integrity	VP of Instruction and Student Services	AVP of Student Services	College President

- 1.** Expulsion from Tillamook Bay Community College (i.e., permanent removal of the privilege to attend Tillamook Bay Community College);
- 2.** Suspension from Tillamook Bay Community College for a definite period of time and/or pending the satisfaction of conditions for re-admission, (i.e., suspension of the privilege to attend Tillamook Bay Community College);
- 3.** Removal from class for which the student is currently registered;
- 4.** Restitution for damages;

5. A specified period of college and/or community service;
6. Disciplinary probation with or without the loss of privileges for a definite period of time. The violation of the terms of the disciplinary probation or the breaking of any college rule during the probation period may be grounds for suspension or expulsion from the college;
7. Disciplinary admonition and warning;
8. Any other sanction the college deems educationally appropriate. The parents or guardian of any student under 16 years of age who receives a sanction under the Code of Student Conduct shall be notified.

## D. Disciplinary Due Process Hearing Procedures

In keeping with the educational purposes of the college, disciplinary actions other than those requiring expulsion are intended to be remedial rather than punitive. Often disciplinary proceedings will be conducted informally between the student(s) and the designated college official listed above.

### **Classroom Conduct:**

Each faculty member is responsible for conduct in class and is authorized to take such steps as are necessary when behavior of a student interrupts the normal class procedure. When behavior is so serious as to result in expulsion from the class, the faculty member may remove the student from class for one day and may also require the student to meet with the instructor and/or Chief Academic Officer to identify and set conditions for his/her return to the class. Permanent removal of a student from a class or classes may only be imposed by the designated college official listed above in section C or designee pursuant to the provisions of the Code of Student Conduct.

### **Student Conduct:**

1. Students in violation of institutional regulations or civil or criminal law shall be so informed.
2. During investigation of the charges, the status of the student shall not be altered nor shall his/her right to be present on the campus and to attend classes be suspended except for reasons related to the safety and well-being of students, faculty, staff, or college property, or which relate to or interfere with the orderly operation of the college, as determined by Director of Student Services or designee.
3. The student has the right to appeal any disciplinary (as distinct from academic) action to the president solely on the basis of alleged procedural violation(s). If a violation is found to have occurred, the president will remand the case to the Director of Student Services or designee for reprocessing. No disciplinary sanction shall be imposed unless the student has been notified of the charges against him/her and the nature and source of the evidence. In cases in which the college does not intend to suspend or expel a student, the source of information may be kept confidential if, in the discretion of the

designated college official listed above in section C or his/her designee, he/she believes that revealing the source would create a risk of physical or emotional harm to the source. A student subject to these sanctions will be allowed to present his/her case to an appropriate college official and to have an advisor of his/her choice present. Advisors are not permitted to present the case but may advise the student. Both the college and the student may seek legal advice at their own expense, but, to avoid an adversarial situation, neither the college nor the student will be represented by an attorney during any meeting or hearing involving the college and the student. The student may withdraw from college of his/her own volition at any time during the disciplinary process. Disciplinary sanctions may still be assessed, however, if the student withdraws from the college prior to the completion of the disciplinary process, or elects not to participate in disciplinary proceedings. Formal Resolution In cases that are not resolved informally, the director or officer shall use the following hearing procedure:

**Formal Resolution:**

**Step 1:** At an initial conference with the director or officer as designated in section C the student will be informed verbally and in writing of the charges and the maximum penalty which might result from consideration of the disciplinary matter. The college retains the right, upon learning new information and giving notice to the student, to revise the proposed maximum penalty.

**Step 2:** The student must submit all of his/her evidence within seven calendar days of the initial conference.

**Step 3:** After considering the evidence in the case and interviewing persons as appropriate, the director or officer, may take one of the following actions:

- a. Terminate the proceedings, exonerating the student;
- b. Dismiss the case after appropriate counseling and advice; or
- c. Impose an appropriate sanction as described above.

The student shall be notified in writing of the decision of the director or officer.

**Step 4:**

The student may appeal a sanction imposed if the student feels that additional information is available that has bearing on the situation. The student may file this appeal by bringing the additional information to the designated director or officer. If the student decides to appeal the decision on the basis of alleged violation of due process, he or she may do so by filing a written appeal with the president or designee within seven calendar days of the decision. The president or designee shall render a decision regarding the alleged violation of due process within seven calendar days of its filing.

## **E. Readmission after Suspension**

A student suspended from the college may be readmitted only on written petition to the director or officer with responsibility over the issue leading to the suspension. Petitions, if applicable, indicate how specific reinstatement conditions have been met and reasons which support reconsideration. The director or officer or designee shall convey his/her decision in writing to the student; and in the case of non-readmission, shall express his/her reasons in writing. If the student decides to appeal the decision, a first appeal may be made to the designated director or officer. The director or officer shall convey his/her decision in writing to the student and shall express his/her reasons for the decision. The director or officer sends his/her report to the college president. The decision of the college president is final.

## **F. Records**

Records of all disciplinary actions shall be kept as part of the student record by the director of Student Services in accordance with the state archival policies.

# **ACADEMIC INTEGRITY POLICY**

## **A. Introduction**

Students of Tillamook Bay Community College are expected to behave as responsible members of the college community and to be honest and ethical in their academic work. Tillamook Bay Community College strives to provide students with the knowledge, skills, judgment, and wisdom they need to function in society as educated adults. To fabricate the results of one's research, to present the words, ideas, data, or work of another as one's own; or to cheat on an examination corrupts the essential process of higher education.

## **B. Guidelines for Academic Integrity**

Students assume full responsibility for the content and integrity of the coursework they submit. The following are guidelines to assist students in observing academic integrity:

- 1.** Students must do their own work and submit only their own work on examinations, reports, and projects, unless otherwise permitted by the instructor. Students are encouraged to contact their instructor about appropriate citation guidelines;
- 2.** Students may benefit from working in groups. They may collaborate or cooperate with other students on graded assignments or examinations as directed by the instructor; and
- 3.** Students must follow all written and/or verbal instructions given by instructors or designated college representatives prior to taking examinations, placement assessments, tests, quizzes, and evaluations. Students are

responsible for adhering to course requirements as specified by the instructor in the course syllabus.

### C. Forms of Academic Dishonesty

Actions constituting violations of academic integrity include, but are not limited to, the following:

- 1. Plagiarism:** the use of another's words, ideas, data, or product without appropriate acknowledgment, such as copying another's work, presenting someone else's opinions and theories as one's own, or working jointly on a project and then submitting it as one's own;
- 2. Cheating:** the use or attempted use of unauthorized materials, information, or study aids; or an act of deceit by which a student attempts to misrepresent academic skills or knowledge; unauthorized copying or collaboration;
- 3. Fabrication:** intentional misrepresentation or invention of any information, such as falsifying research, inventing or exaggerating data, or listing incorrect or fictitious references;
